

Nevada Brownfields Revolving Loan Fund Pre-Application Form

The Nevada Brownfields Revolving Loan Fund (NBRLF) was initiated through a grant from the U.S. Environmental Protection Agency and statutory authority granted to the Division of Environmental Protection by Nevada Revised Statutes (NRS) 459.860 through 459.892. Regulatory requirements pertaining to administration of the NBRLF are found in Nevada Administrative Code (NAC) 459.9991 through 459.99933.

Prospective applicants to the NBRLF are encouraged to review these statutes and regulations to confirm that the applicant, the proposed site and the proposed project are all eligible for the financial assistance offered by NBRLF program. This pre-application form is designed to determine if the applicant and the project proposed meet the minimum qualifications. In order to make an accurate determination, all information on the pre-application form needs to be complete to the extent possible. Please note that due to the nature of the revolving loan program, the available fund resources vary based on outstanding loans previously made and other factors. You should contact the Nevada Brownfields Program Coordinator to determine if the fund value is adequate to meet your needs before you begin the pre-application process. If you have any questions regarding any part of the pre-application form or need assistance in answering any part, contact the Nevada Brownfields Program Coordinator at (775) 687-9368.

Site Name: _____

Applicant: _____

Applicant Address: _____

Contact Name: _____

Contact Address (if different from above): _____

Contact Phone Number: _____

Site Owned by: _____

Site Address: _____
