WATER POLLUTION CONTROL GENERAL PERMITS SYSTEM

Online General and Temporary Permits System – In an effort to improve our service to the public, NDEP has developed an electronic process for the submission of the Notices of Intent (NOI) for Permit Applications. The NOI provides immediate confirmation that a permit application has been received by NDEP. It also allows faster processing time for the regulated community. Currently, NDEP is managing approximately 2000 permittees annually under this program. Just follow the instructions below to submit the NOI electronically to NDEP.

TYPE OF DISCHARGE

Entities desiring coverage under one of these General Permits are required to file a Notice of Intent (NOI) and pay a filing fee prior to receiving coverage. Please select the type of general permit below:

☐ Stormwater Construction General Permit

☐ Stormwater Industrial (Multi-Sector) General Permit

☐ Stormwater Mining General Permit

☐ Small Municipal Separate Storm Sewer System(SMS4) General Permit

☐ De Minimis Discharge General Permit

☐ Pesticide General Permit

☐ Drainage Well General Permit

☐ Routine Maintenance Activities (Formerly Rolling Stock) General Permit

☐ Temporary Permit for a Discharge to Ground Waters of the State

☐ Working in Waters Permit

Notice of Intent (NOI) for Discharges under a Permit - NVR050000

EPA Region 9 is the permitting authority for NPDES permits for wastewater and stormwater discharges on Tribal lands in Arizona, California, Nevada and all Navajo Lands. [Please click here and visit EPA Region 9 website.](#)

Submission of this Electronic Notice of Intent constitutes notice that the Permittee identified in this request intends to be authorized by a permit issued by the State of Nevada and has or will comply with the following:

1. The Permittee has a copy of the Permit, Select the link below to print a copy of the permit for your records: [Stormwater Industrial \(Multi-Sector\) General Permit](#)
2. The Permittee will comply with all applicable permit conditions,
3. The Permittee understands that implementation of any Pollution Prevention Plan or Best Management Plan (BMP), will begin at the time the permittee commences work on the project,
4. The Permittee understands that failure to submit the required fee and the original signed Certification Page within 30 days of this electronic submittal will result in failure for eligible coverage under a General Permit. The Certification Page must be printed at the end of this process; and
5. That [Nevada Administrative Code \(NAC\) 445A](#), requires that a Permittee (discharger) who is covered under a general permit shall pay to the Director/Division an annual services fee on or before July 1 of each year that the discharger is covered under that permit.
6. To Terminate coverage of a General Permit, the Permittee must submit a Notice of Termination ("NOT") form when their facility no longer has any discharges as defined in Nevada's General Permit or EPA regulations at [40 CFR 122.26](#), or when they are no longer the operator of the site.

Are any of the following materials or activities exposed to precipitation or run on, now or in the foreseeable future?
(Please check either "Yes" or "No" in the appropriate box.)

- | | |
|---|---|
| 1. Application or disposal of process wastewater (unless otherwise permitted)
Explanation: If permitted under another Bureau of Water Pollution Control Permit, then the permittee may qualify for the No Exposure Exclusion (i.e. waiver). Please reach out with any questions. | ☐ Yes ☒ No |
| 2. Materials or products stored outside (except final products intended for outside use [e.g., new cars] where exposure to stormwater does not result in the discharge of pollutants)
Explanation: Such as but not limited to drums, barrels, aggregate, sand, waste, and/or containers outside that are not in a storm-resistant shelter. Drums/barrels/tanks or containers in secondary containment, but not in a storm-resistant shelter are still considered exposed. | ☐ Yes ☒ No |
| 3. Materials or products during loading/unloading or transporting activities
Explanation: The loading or unloading of trucks that are not backed into a facility or under cover. Also, if materials or products are loaded/unloaded/transferred via forklifts, hand carts, hand trucks or loader. The mere conveyance between buildings of materials / products that would otherwise not be allowed to be stored outdoors, does not create a condition of exposure, provided the materials / products are adequately protected from precipitation and could not be released as a result of a leak or spill. | ☐ Yes ☒ No |
| 4. Using, storing, or cleaning industrial machinery or equipment, and areas where residuals from using, storing, or cleaning industrial machinery or equipment remain and are exposed to stormwater
Explanation: Includes any residuals or stains on the ground where equipment, machinery or vehicles are stored, used or cleaned in an exposed area. | ☐ Yes ☒ No |
| 5. Materials contained in open, deteriorated, or leaking storage drums, barrels, tanks, and similar containers
Explanation: This includes drums, barrels, tanks, or containers that are in secondary containment. | ☐ Yes ☒ No |
| 6. Materials or products from past industrial activity
Explanation: Areas that have old equipment or equipment parts, used barrels, drums, or totes waiting for pick up or being stored outside, etc. | ☐ Yes ☒ No |
| 7. Waste material (except waste in covered, non leaking containers [e.g., dumpsters])
Explanation: Includes but not limited to old parts, refuse, scrap, and/or waste in open dumpsters or bins. | ☐ Yes ☒ No |
| 8. Material handling equipment (except adequately maintained vehicles)
Explanation: Adequately maintained vehicles, such as trucks, automobiles, forklifts, trailers or other general purpose vehicles found onsite—but not industrial machinery—which are not leaking or are otherwise a potential source of contaminants does not disqualify the permittee from no exposure. Includes any residuals or stains on the ground where equipment, machinery or vehicles are stored, used or cleaned in an exposed area. | ☐ Yes ☒ No |
| 9. Materials or residuals on the ground or in stormwater inlets from spills/leaks
Explanation: Materials or products that could cause the property to have any contaminated soil and/or stormwater runoff. | ☐ Yes ☒ No |
| 10. Materials or products handled/stored on roads or railways owned or maintained by the discharger
Explanation: The facility maintains or owns the road where the facility is located or the railway it uses for delivery/transport. | ☐ Yes ☒ No |
| 11. Particulate matter or visible deposits of residuals from roof stacks and/or vents that evident in stormwater outflow
Explanation: This includes any vent that releases any residual that is on the sides of vents and/or roof stacks and can be washed away in a storm event. | ☐ Yes ☒ No |

If you do not qualify for a no exposure certification waiver, then this screen appears after Section 5. If you qualify for a no exposure waiver skip the next two slides for your instructions.

ATTACHMENTS

Please upload the required documents (site map, construction plans, BMP Plans, etc.). Only PDF files are allowed. If there are more than one file, please merge those files and upload them as one attachment.

*** If the file exceeds 5 MB in size, please submit hard copies of the required documents with the NOI.**

*** To finish the upload, you must hit the upload button after selecting the file**

File to Upload

You may upload a site map here. You do not need to submit or send in the Stormwater Pollution Prevention Plan (SWPPP); the SWPPP should be available on site.

You may exit the General Permits Database System before completion, but you will need the permit number (located on the third line from the top) to re-enter the application.

Please print the Notice of Intent, sign it with a color other than black, and mail it to the address on the application. No filing fee is required. Do not click Finish until you print the page, or you will have to contact us for your NOI.

This page will indicate that this is a renewal and NO filing fee is required.

Please print your confirmation letter, then press "Finish"

Finish

Re: Stormwater Industrial Permit NVR050000
Site ID: ISW-43803
Project Name: Clocktower Mystery

Date: 9/15/2017

Owner: Holmes and Watson	Operator: Holmes and Watson
S Holmes 221B Baker Street	S Holmes 221B Baker Street
London NV 000000000	London NV 000000000
Renew YES	* If this is a Renewal Application, NO filing fee is required.

By submitting this No Exposure Certification, the Owner or Operator of the project is aware that under the Phase II Final Rule, the no exposure exclusion is conditional and not an outright exemption. Therefore, if there is a change in circumstances that cause an exposure of industrial activities or materials to storm water, the operator is required to comply immediately with the National Pollution Discharge Elimination System (NPDES) Storm Water Program, including applying for, obtaining, and meeting the requirements of the State of Nevada Stormwater General Permit.

Clean Water Act. Where a facility operator determines that exposure is likely to occur in the future due to some anticipated change at the facility, the operator should submit an application and acquire a storm water permit.
