WATER POLLUTION CONTROL GENERAL PERMITS SYSTEM

Online General and Temporary Permits System – In an effort to improve our service to the public, NDEP has developed an electronic process for the submission of the Notices of Intent (NOI) for Permit Applications. The NOI provides immediate confirmation that a permit application has been received by NDEP. It also allows faster processing time for the regulated community. Currently, NDEP is managing approximately 2000 permittees annually under this program. Just follow the instructions below to submit the NOI electronically to NDEP.

Working in Water Permit

EPA Region 9 is the permitting authority for NPDES permits for wastewater and stormwater discharges on Tribal lands in Arizona, California, Nevada and all Navajo Lands. [Please click here and visit EPA Region 9 website.](#)

Submission of this Electronic Notice of Intent constitutes notice that the Permittee identified in this request intends to be authorized by a permit issued by the State of Nevada and has or will comply with the following:

1. The Permittee will comply with all applicable permit conditions,
2. The Permittee understands that implementation of any Pollution Prevention Plan or Best Management Plan (BMP), will begin at the time the permittee commences work on the project,
3. The Permittee understands that failure to submit the required fee and the original signed Certification Page within 30 days of this electronic submittal will result in failure for eligible coverage under a General Permit. The Certification Page must be printed at the end of this process; and
4. That [Nevada Administrative Code \(NAC\) 445A](#), requires that a Permittee (discharger) who is covered under a general permit shall pay to the Director/Division an annual services fee on or before July 1 of each year that the discharger is covered under that permit.
5. To Terminate coverage of a General Permit, the Permittee must submit a Notice of Termination ("NOT") form when their facility no longer has any discharges as defined in Nevada's General Permit or EPA regulations at [40 CFR 122.26](#), or when they are no longer the operator of the site.

AGREE (Continue)

These provisions are important. Make sure to read and understand them.

Please answer these questions.

Is This Project/Site Located in Whole or in Part on Tribal Lands?

☐ Yes ☒ No

Is This A New, Continuous or Renewal Permit (Please select one of them below)?

☒ New Permit ☐ Continue a Permit Application ☐ Renewal Permit

Submit

Choosing "New Permit" starts a new permit application.

Choosing "Continue a Permit Application" allows you to continue a "New Permit" as long as there was not a final submission.

Responses to the following questions of the application are limited to 1,000 characters per box. If your response is greater than 1,000 characters per box, please attach a pdf version of the responses to this application or submit a hard copy of the answers with the NOI.

1. Name and scope of project – Provide a narrative description or a mini work plan providing the nature and scope of the project to include:

a) The purpose of the project and what it involves.

b) The type of equipment to be used, how it will be operated and in which location(s)

c) A description of the site and its physical location (stream, wetland, wash – low gradient stream, steep drainage, main stem river, tributary, etc.)

d) A description of the work to be performed – where and how – for each stream reach or individual site or area

2. **Attach at the end of this submittal a Topographic map** showing the general area of the project site where work in the waterbody(s) will be Conducted.

3. **Attach at the end of this submittal a Site plan** of the proposed area showing the site specific location and details of specific work elements planned for the project.

4. Best management practices plan – A detailed description of the best management practices to be implemented during the disturbance and or work activities proposed in and along the stated waterbody for: water quality protection; erosion control; sediment control; riparian stream zone protection and restoration; stream bank stabilization/protection/rehabilitation; water pollution control/prevention; dewatering controls, etc.

Please note that the following additional permits may be required included their respective approvals, and/or clearances where applicable:

- ☐ U.S. Army Corps of Engineers
- ☐ State Lands (Division of State Lands, NDCNR)
- ☐ State 401 Certification
- ☐ Nevada Division of Wildlife (fisheries concerns and certain restrictions for work in Truckee River)
- ☐ U.S. Fish & Wildlife Service
- ☐ City or County Permits
- ☐ Conservation Districts
